

➤ **Exhibition – SPACEGALA 2023**

In connection with *National Science Day*, Science Forum and Department of Physics of St. Mary's College organized an exhibition "**SPACEGALA 2023**" on Tuesday, 28<sup>th</sup> February, 2023 from 9.00 A M to 3 P M. The Principal Dr. Sr. Magie Jose inaugurated the exhibition at 9 am. All the staff members, non-teaching staff, students of our college and students from the neighboring schools observed the different stalls. It includes models of solar system, rockets, satellites, comets and International Space Station. 3D view of planets is of special interest of the exhibition. Many chart works representing all the ISS Scientists were also presented. Many students from other schools visited us and had clear their doubts and queries about space. Students concentrated in making telescope so as to explore the space.

In addition to these models, Cartoons, Quotes and Poems related to space are made. Most of them recorded their opinion that the exhibition was excellent. ACV News channel reported the event.
