

DEPARTMENT OF BIOLOGY

CHRISTMAS CELEBRATION

Department of Biology has organized a Christmas celebration on 21st December 2021 just before the commencement of Christmas vacation. Christmas cake was cut and sweets were distributed. The students had also arranged cultural activities like songs and skits. The program was started at 10 am and Christmas message was delivered by Dr. Kayeen Vadakkan, Assistant Professor, Department of Biology. Teachers and students had a fun filled event.

DEPARTMENT OF BIOLOGY

ORIENTATION PROGRAM - ACADEMIC YEAR: 2020 - 2021

The students of I MSc. Biology were given an orientation class “What after biology?” by Dr. Anu P.A., Assistant Professor, Department of Biology on 29th March 2021 in the classroom. The diversity of job opportunities and career aspects available after the course was thoroughly discussed and the syllabi of their program was also familiarized. The relevance of practical in their course was a point of major discussion. Orientation program served as a platform for an ice-breaking session between the teacher and her pupil.

DEPARTMENT OF BIOLOGY

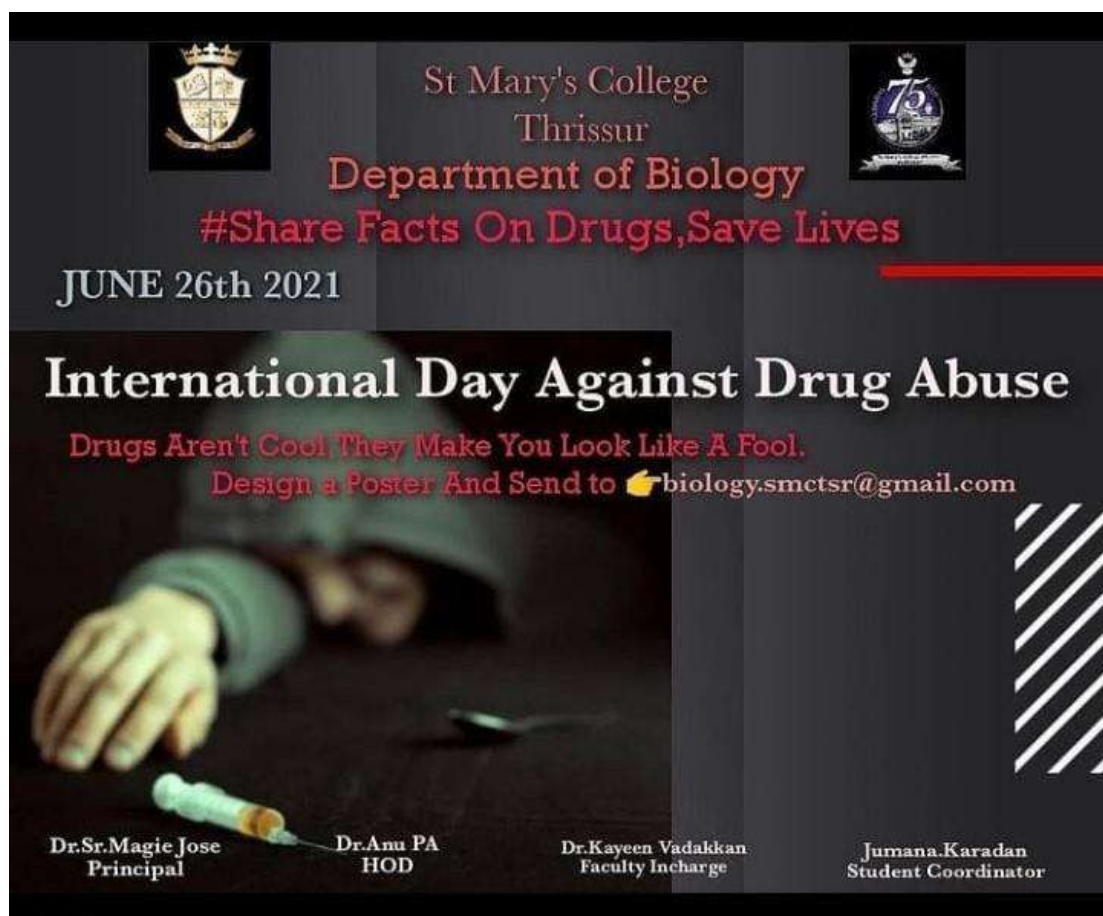

ORIENTATION PROGRAM - ACADEMIC YEAR: 2021 - 2022

The students of I MSc. Biology were given an orientation class “Unexplored reigns of Biology” by Dr. Kayeen Vadakkan, Assistant Professor, Department of Biology on 15th December 2021 in the Ist PG classroom. The role of biologists in the contemporary research was discussed with reference to the experiments mentioned in the syllabi. The career possibilities within and outside the country was a point of discussion. How the course is different from other conventional courses that are running in the university was also a point of discussion.

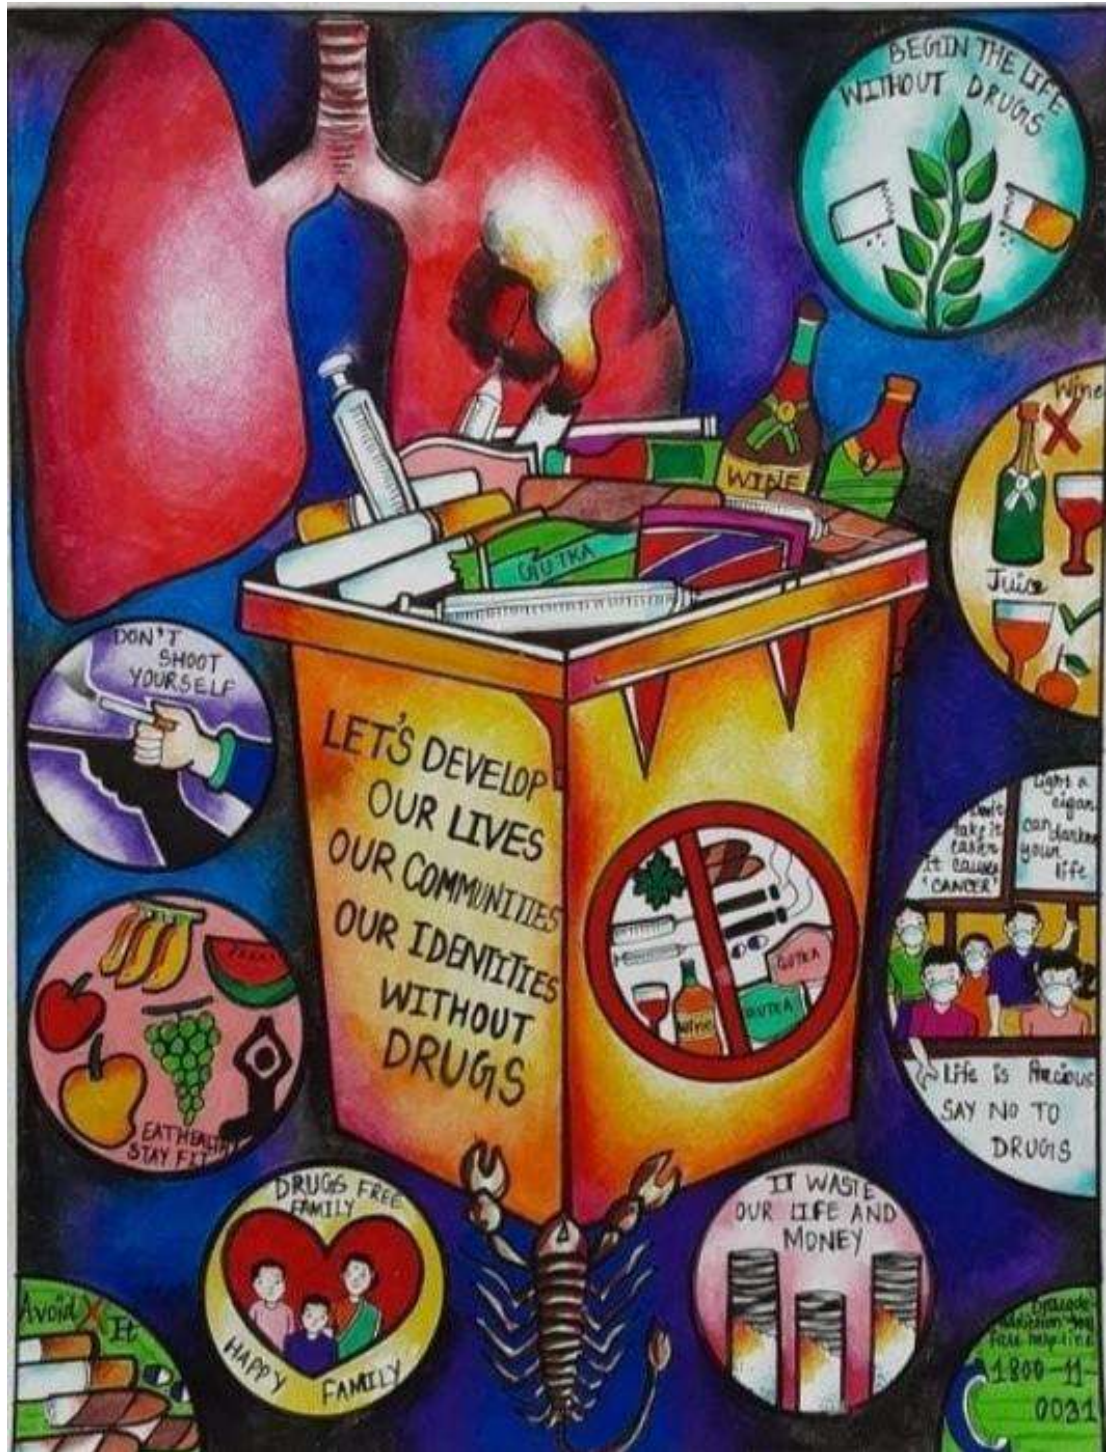

DEPARTMENT OF BIOLOGY
INTERNATIONAL DAY AGAINST DRUG ABUSE

International day against drug abuse is observed every year on 26th of June to raise awareness about drug abuse and spread information to the common public about its side effects. Towards this cause, Department of Biology organized a poster making competition for the student community. students had actively participated in the competition by posting various meaningful posters on the subject. the selected 3 posters were posted in the Instagram page of the department and they were provided with certificates.

In connection with the reading day, the students and the faculty members of the Department had shared their **reviews on favorite books**. The review was delivered as video presentations ‘**Duc In Altum**’. Reviews on various books like “Kite Runner, Power of Positive Thinking, Indhulekha” etc. was shared. The thought behind the process was to familiarize everyone with books of different genre.

Department has also organized an interesting character portrayal competition 'Depingo' of their favorite character from book/movies. The photographs with tag line #Name of the character# Title of the book/movie#Author were assigned to send to the Department email address. there was huge participation and over 100 participants had send in their entries and the best entries were awarded with cash prizes. From the selected entries, first prize was given to Ms. Setlana George (Microbiology), second prize to Ms. Aparna Manoj (BBA) and third prize to Ms. Amala Rose. The shared photographs of Depingo competition was assembled in a collage and the same was posted on various social platforms like Instagram, Whatsapp, and Facebook Pages of department. The student and other participants actively participated in the event. The event was very productive for the entire student community.

WORLD ENVIRONMENT DAY – 2021

Department of Biology has organized “Plant A Tree Challenge” in connection with World Environment Day – 2021. Playing along the theme of UN World Environment Day 2021 – “Reimagine. Recreate. Restore”, the students and faculty, Department of Biology had planted a sapling within their compounds on 5th June 2021. The brochure of the event was shared with various schools and more than 100 participants, mainly school kids were involved in the challenge. All participants were given certificate. The shared photos of planting saplings, were arranged in a collage and the same was posted in social platforms like Instagram, WhatsApp and Facebook page of the department. The students and other participants had actively taken part in the event. The event helped the student community to be aware of various environmental challenges that humanity faces.
