The meeting was completed in a very well manner.

Computer Literacy Work Shop for Differently Abled Children, BRC Ollur

On 21-02-2015, a workshop was conducted for the differently abled students of BRC Ollukkara. The inaugural ceremony started with a prayer song of Binu T.D. The welcome speech was delivered by Mr. Roshan, the resource teacher of BRC. After that, the presidential address was delivered by Sasi sir and Murali sir. The academic session started by introducing the components of computers and computer fundamentals. Then our students explained about the input-output devices in detail to each student. 15 minutes of tea break was given to the students for relaxation. A presentation on the topic 'computer networks' was found very interesting as they could see a set of colors, blocks etc. It was quite entertaining for them. The children were curious to know what is a virus and our students presented the topic 'Virus'. We made the students to play a game 'Bombing the city'. The game was targeted to give an awareness about the name computer manufacturing companies. The students enjoyed the game very well. The session was winded up by 4.00pm. Many students came forward to share their experience.
