V. ECO FRIENDLY DIGI WORLD

The Department of Computer Science and Applications organized an awareness campaign on 24th June 2022 Friday. The campaign was based on the theme "Eco Friendly Digi World" with an aim to create awareness for the use of technology in an eco-friendly way. It was conducted by distributing leaflets to all the departments in the campus. Some tips for the smart use of gadgets were included in the leaflets.

VI. Digital Painting Competition

D-PALETTE - a digital painting competition in connection with International Girl Child Day, was organized on 14/10/2022 at 12:00pm by the Department Of Computer Science &Applications of St.Mary's College. The topic given for the competition was 'MAKAL'(Daughter) with the aim of conveying the message that **When girls are supported to realize their human rights, they can reach their potential and create a better world for themselves, their communities and societies**. Students from various departments participated with great enthusiasm in this competition. It was an exceptional experience for all the participants as it was a digital painting competition using only MS Paint Software.
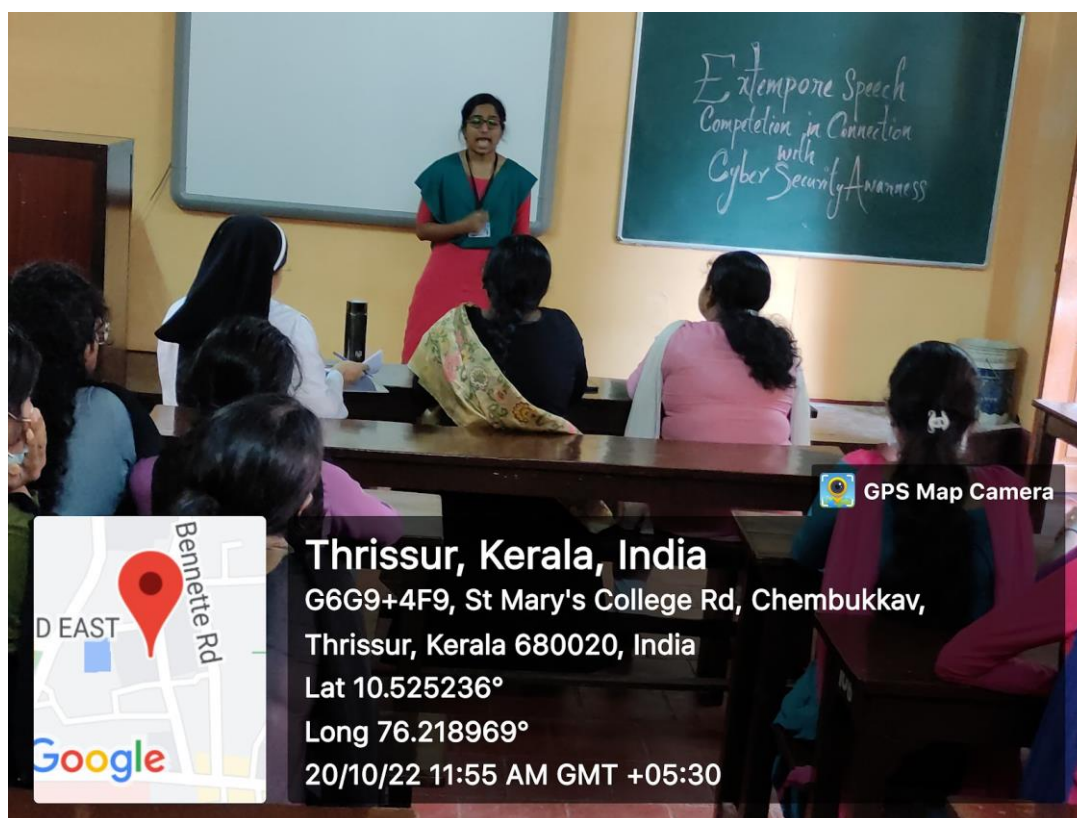

Total No of Participants: 32

VII. Nature Lite-2022

- Paper Bag Collection and Distribution

As an environment related activity, Department of Computer Science and Applications organized "NATURE LITE-2022", a paper bag collection and distribution event on October 19, 2022, at 11:30 am. The students used their creative ideas for making the paper bags. They visited neighboring medical and stationary stores and conveyed the message of 'Say-No-To-Plastic' and encouraged the use of paper bags.

VIII. Extempore Speech Competition

The department of Computer Science and Applications organized an extempore speech competition in connection with Cyber Security Awareness Month. The event was held on 20th October 2022, Thursday. Topic for the speech competition was " The importance of cyber security in the current scenario". This programme was conducted with an aim to provide the importance and role of Cyber Security in our day to day life . Total of 15 students from various departments participated in this programme. The program was a huge success and informative one.

IX. PTA Meeting 2022-23

The PTA meeting of the Department of Computer Science and Applications for the academic year 2022-23 was conducted on 19.12.2022 at 1.00 pm in the St. Chavara Hall. All the parents of Iˢᵗ, IIⁿᵈ and IIIʳᵈ year BCA and Iˢᵗ and IIⁿᵈ MSc were present except a few. The meeting started with a prayer. Respected Principal presided over the function. Principal suggested having a keen monitoring on their wards as they follow a hybrid learning approach. The parents' concern on various academic and nonacademic aspects was also addressed. Academic activities conducted during June 2022 to December 2022 and activities planned for the forth coming months were shared by the Head of the Department. Progress report of the students was distributed. The parent-teacher interactive session helped both teachers and parents to understand the student better. The meeting was concluded by 3.30pm.
