

Seminar on Make in India-S&T Driven Innovations

08-10/02/2016

Organised by: Department of Chemistry
Collaboration: KSCSTE and DST, Govt. of India

Department of Chemistry, St. Mary's College, Thrissur, organized a scientific lecture series and various competitions like poster making, Quiz competition and essay writing spread over 3 days, 8-10 February 2016, to celebrate National science day. The programme was inaugurated by Sr. Dr. Jacintha C.C, Principal, St. Mary's College, Thrissur. The sessions were led by Dr. Santhosh Paul (Assistant Prof., Dept. of Chemistry, S.H. College, Chalakudy), Dr. C.V. Krishnan, (Rtd. Prof., Stony Brook University, New York) and Dr. Najeema U, (KAU School, Mannuthy). The lectures touched upon various aspects of Science and Technology driven innovations and generated awareness among participants. The celebration was supported by Kerala State Council for Science, Technology & Environment and DST, Govt. of India. A total number of 110 students made the programme a grand success.
