

State level webinar:" Trends on webportal"

Department of Vocational studies (B.Voc Software Development), St. Mary's College, Thrissur organized a state level webinar on the topic:" Trends on Web Portal" on 16th January, 2021 at 3:00 PM. Webinar was conducted by Ms. Gopika OD (Senior Engineer. Softloom IT solutions, Ernakulum). In this webinar she explained the scope & importance of Python language. She also explained the carrier opportunity of Python in software industry.

The screenshot shows a Google Meet recording interface. The main content is a presentation slide titled "What Is PYTHON?". The slide is divided into two columns: "PYTHON" and "Uses of Python". The "PYTHON" column lists characteristics like "Simple and easy to learn", "High level programming language", "Platform independent", "Open source", "Multi paradigm", "Interpreted", "Dynamically typed", and "Case sensitive". The "Uses of Python" column lists applications like "Web development", "Data science", "Artificial intelligence", "Automation", "Game development", "Software development", "System administration", "Network programming", "Scientific computing", "Data analysis", "Web scraping", "Database access", "API development", "Mobile app development", "Desktop app development", "Game development", "System administration", "Network programming", "Scientific computing", "Data analysis", "Web scraping", "Database access", "API development", "Mobile app development", "Desktop app development", "Game development". The slide also features the Python logo and a cartoon character. A video player interface is overlaid on the slide, showing a play button, a progress bar at 22:54 / 1:10:33, and a video thumbnail of a woman. The browser address bar shows a Google Drive link.
