

State level Swastha Sudhdhi-Science popularization programme
TRAINING ON REMODELING OF WORN OUT PLASTICS

23/11/2018

Organized by Department of Biotechnology

Collaboration with KSCSTE

As part of Science popularization programme supported and sponsored by KSCSTE, a hands on training for the house wives in the remodeling of worn out plastics was conducted on 23rd November 2019 at Chavara seminar hall. Plastic being deposited in and around the surrounding is a major issue most people face today. People literally don't have any idea on what to do with the used plastic. In this scenario, Department of Biotechnology had conducted a class on remodeling this plastic into beautiful craft products. From the worn out plastic, flowers, flower pot, dream catcher etc. were made. The training was meant for matured house wives who can spent time for this craft making.

The class was taken by Ms. Kunjumary, a specialist in clay craft and surface ornamentation. A huge participation of kudumbashree members was a key element of this training program. Refreshment was provided to all the participants. Memento was given to Ms. Kunjumary, as a token of love and appreciation by the principal, Sr. Dr. Magie Jose. The program was concluded with vote of thanks by Ms. Fyna Sebastain, Assistant professor, Dept. of Biotechnology, St. Mary's College, Thrissur.

What to do with plastic waste?

The processing of waste plastics are not degradable. They will remain where they are discarded until they are cleared up. Only a small percentage of plastics is recycled. But the world is waking up to the problem, and humanity has started to act.

There are a number of things that can be done - from running public awareness campaigns, to offering incentives for recycling, to introducing levies or even banning certain products outright. It is the need of the moment, calling on people everywhere to take concrete steps to Beat Plastic Pollution in their own lives.

Patrons

Sr. Dr. Magie Jose
(Principal, St. Mary's College, Thrissur)

Sr. Dr. Meena K. Cheruvathur
(Vice Principal, St. Mary's College, Thrissur)

Programme Co-ordinator

Dr. Sajitha K L (HOD, Dept of Biotechnology)

Organizing committee

Ms. Tisha Liza Tomy
Dr. Anu P A
Ms. Prasanna R Kovath
Dr. Saritha Francis
Dr. Kayeen Vadakkan
Ms. Fyna Sebastian
