

State level workshop on In silico Drug Designing and Bioinformatics

23/1/2019

**Organized by Department of Biotechnology
collaboration with MCAR**

A State level workshop was conducted on In silico Drug Designing and Bioinformatics by the Department of Biotechnology in collaboration with MCAR. *In silico drug designing* is the drug design which can be carried out in silicon chip,i.e., within computers.The resource person for the same was Dr.Anu P A and Smt.Fyna Sebastian.
