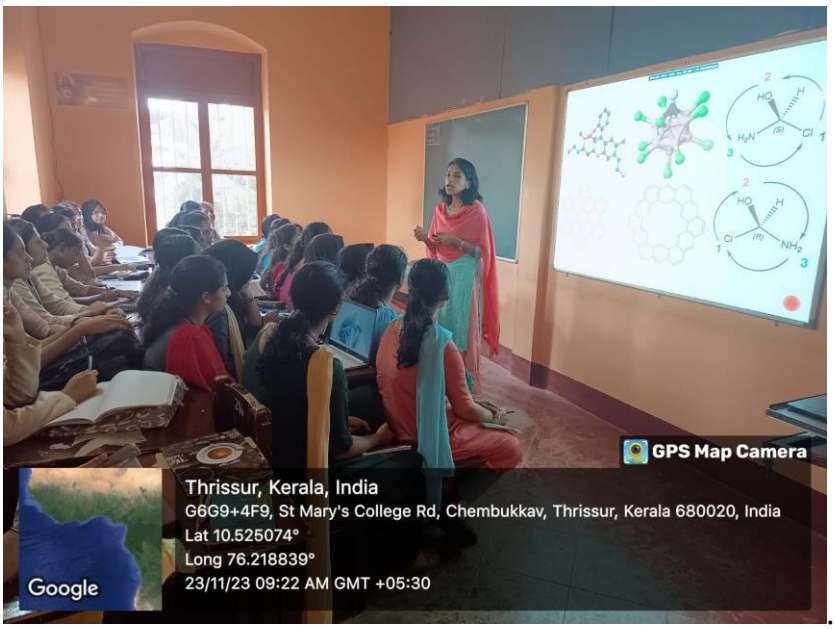
Department of Chemistry

A Workshop On Chem draw And Chem Sketch

As a part of skill development, the department of Chemistry, St. Mary's College, Thrissur organized a one day workshop on "**CHEMDRAW AND CHEMSKETCH"** for PG students on 23rd November 2023.**ChemDraw** and **ChemSketch** are essential tools for chemistry students, offering significant benefits in understanding, visualizing, and communicating chemical structures and reactions. These programs help students create accurate 2D and 3D molecular representations, enhancing their comprehension of chemical bonding, reaction mechanisms, and stereochemistry. They also assist in learning chemical nomenclature by automatically generating IUPAC names and allow students to simulate chemical reactions and correlate structures with experimental data like NMR and IR spectra. By providing professional-quality graphics, these tools are invaluable for lab reports, presentations, and research papers. Overall, **ChemDraw** and **ChemSketch** streamline learning, foster better problem-solving skills, and prepare students for more advanced chemistry work.The session was handled by Dr. Asha K S, Assistant Professor , Department of Chemistry, St. Mary's College, Thrissur.In this session, students learn not only how to use these tools but also how to create professional-quality graphics for research papers, lab reports, and presentations



Department of Commerce
